**CONTACT**  
Page 5

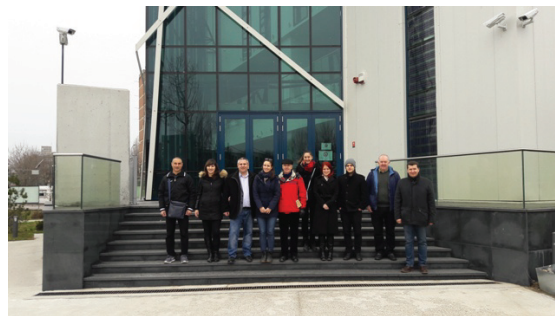

## LEARNING ACTIVITIES

Were held in three locations:

C1 - Bucharest, Romania

C2 - Ljubljana, Slovenia

C3 - Cambria, UK

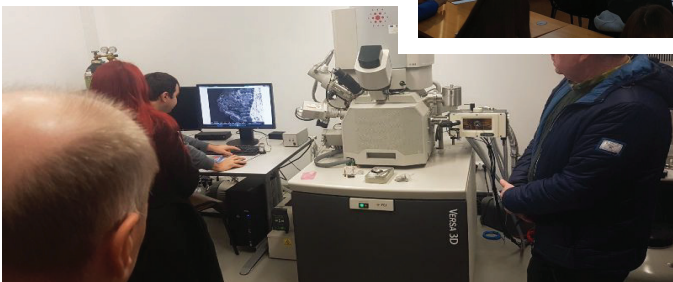

### C1 - CAMIS, University Politehnica of Bucharest, România 19-23 February, 2018

Throughout the five training days, there were 6 participants from external partners and 5 from CAMIS and ELCRIS. They covered theoretical and practical aspects of welding structured as follows:

- Quality assurance and qualification in welding
- Manual metal arc welding process
- Submerged-Arc Welding

## e-LEARNING PLATFORM

·Ready for pilot testing

(will be covered in our next newsletter)

## LEARNING ACTIVITIES (*continued*)

### C2 - Ljubljana, Slovenia 11-15 December 2017

Throughout the five training days, 6 participants from external partners and 2 from Institut za Varilstvo, covered theoretical and practical aspects of welding, structured as follows:

- Specific norms of health and safety for welding processes
- General welding aspects
- Technical drawing used in welding field
- Gas metal arc welding (GMAW)
- Laser welding; Electron Beam welding; Plasma welding

## C3 - Deeside, UK 22-26 January 2018

Throughout the five training days, 7 participants from partners and 2 from Coleg Cambria, covered theoretical and practical aspects of welding, structured as follows:

- Materials used in fusion welding
- Materials weldability and heat treatment
- Oxy-gas welding
- TIG welding

## HUNGARY - 4th MEETING

The fourth meeting between the projects partners was held in Budapest, Hungary on 02.03.2018.

The fourth meeting between the projects partners was hosted by Mr. Janos Dobranszky, HU. The meeting enabled the partners to review and be informed upon the status of the project

activities and to agree upon the next steps.

IO1, IO2, IO3 results were finalized and IO4 - IO5 are about to be finished.

All the partners made a

small presentation of their activities for the project from the last TPM.

the conclusions on the interim report sent by the NA were analyzed. According to the report the project is going in accordance to the initial plan-

ning. All partners are involved in achieving the objectives of the project, each being responsible of certain activities.

EmmanuelFranca-lanza – MECB, MT, has then made a presentation related to the status of IO5 – e-learning content. The English and Romanian versions were already converted into SCORM com-

pliant format and thoroughly tested. UPB-CAMIS already implemented the euWELD LMS based on Moodle. This was presented to partners with the corresponding link: [www.camis.pub.ro/euweldlms](http://www.camis.pub.ro/euweldlms).
